I would like to start the newsletter by thanking everyone who contributed time and money to the 2015-2016 campaign and made it a tremendous success. Our goal for last year's campaign was \$185,000 dollars and our Region contributed a total of \$207,792 towards RP.

The 2016-2017 RP campaign started with an overall target of \$2.36 million dollars with Region 3 getting assigned a goal of \$187,200.

As we have done in the past, our campaign is, also, on a strong track this year to meet the assigned goal. Thank you to everyone for your contributions.

As special thanks to all the Chapter chair who have worked hard to make sure that Region 3's campaign continues its success every year.

Here are some highlights from the current campaign.

- 9 of the 11 Chapters reached Full Circle including Full Circle Plus.
- There were representatives from 8 Chapters who

I will end this newsletter with a note that even though we are well on our way to meet the target for this year, we still have some ways to go. Although most chapters are ahead of their goals, there are a few who need your support. I encourage all RP Chairs, Co-Chairs and Volunteers to continue their efforts in meeting our goal.

A special Thank You to AHRI, who contribute generously to our Region every year.

Thank you to all Chapter Chairs and Co-Chairs for their hard work. Thank you to all the Board Members who continue to support the RP campaign. Also, a big Thank you to all the Members and Non-Members who share the ASHRAE vision and who benefit from the knowledge and standards provided by ASHRAE.

Next Steps:

- Preparing for Calling Campaigns
- Designating a RP Campaign "Call Week".
